

# PURPOSEFUL LIVING

## **SUGGESTED PODCASTS FOR PERSONAL AND SPIRITUAL GROWTH**

Listening to the experiences and knowledge of others who are farther along than us is a great way for famous warriors to keep growing. Though podcasts are hosted by people just like us, God can use these platforms to minister His wisdom to us. Like all things man-made, allow the Holy Spirit to help you discern what is of value and what is not. Weigh everything against your values and the Word of God.

Whether on YouTube or your preferred podcast app, I hope this list, that has blessed me, can be a blessing to you too.
